\$ 300,000.00 CLAIM

GRANT FOR HERCULES

Council Meeting, Monday, January 18

All councillors except Dr. Stewart were present.

Recreation Area The staff will find a suitable piece of land for a major recreation area. A report will be presented to a combined meeting of the Technical and Financial Committees. This committee will present a report to Council regarding price, and location.

Drive In Restaurant Council refused a request for a drive in restaurant just north of the Town Hall on the corner of McKenney and Grandin Road.

Hercules Receive Recreation Grant Council decided to give a recreation grant of \$1,058.00 to the St. Albert Hercules out of the 1964 budget. During the discussion, the new Recreation Director, Mr. Gibb, suggested that all the equipment for Hercules should be bought through the Recreation Board, with the assistance of the Recreation Director. Councillor Fowler thought that the Recreation Director is not there to buy equipment. He believes that the Hercules staff can do a better job because they know exactly what they need for their recreational programme. Mr. Gibb also suggested that the Recreation Board should have more control over the spending of the grants to clubs generally. Councillor McGee asked if the Hercules was open to everybody, which was affirmed. He wondered if the membership fee wasn't rather high for large families. Councillor Fowler disagreed and said he was convinced that the executive of the

Hercules had done a good job in the past. A new policy for Recreational Grants to all organizations in town will be used by Council as laid down in by-law 2/65 which was carried.

Licensing Inspector When the new License by-law comes in force sometime in 1965, it could be possible that the town will need a Licensing Inspector. Council was in doubt as to whether this man would have enough work for the full year. A letter from some insiders in this field at Canrose advised Council that there is no need for a full time licensing inspector. This inspector will probably have only 2 or 3 months work once the control system is set up. Council couldn't decide and the matter was referred back again to the Executive Committee.

Paid Holidays The Personnel Committee proposed to Council that all permanent town employees who have worked for the town at least 5 years will have 3 weeks holidays with full pay. The proposal was brought into a motion and carried with Councillor deBruin opposed.

Building Inspector's Annual Report The following report was presented to Council:

BUILDING INSPECTOR'S REPORT FOR 1964

Permits issued by the Building Inspector Department for the year 1964 were a total of 190. Total permits for the year 1963 were 446. As you will note there were 340 dwellings constructed during the year 1963, as compared to 80 during the year 1964. I feel the cause for the reduction in the year 1964 was

due to the insufficient number of lots available with a 60' frontage.

112 lots in the Sturgeon Heights Stage 5 have been on the market since July, 1964, and the sale of land in this area has been nil, which, in my estimation is due to the increase in the price of land. There are at the present time 129 lots under Town control, 35 lots for Multiple Dwellings and 94 Privately owned lots, all of which are serviced. Permit values for Commercial and industrial construction are down 50% for the year 1964.

Permit values for Institutional construction have increased 50% for the year 1964.

There were 12 remodellings and 32 garages constructed in the year 1964, the permit value for which totalled \$93,179.30.

There were 6 remodellings and 18 garages constructed during the year 1963, the permit value for which totalled \$34,503.00.

There were 16 appeals to Council for Development Permits, of which Council approved 11 and refused 5.

I can see no increase in the residential dwellings for the coming year 1965.

There could however, be an increase in Commercial Construction.

J. D. Roberts,
Building Inspector.

"Sidney F. Kormats", President
"Joseph A. Fehelley", Secretary
Applicant

regulations were enforced. During the year 24 accidents occurred and 19 claims were made. Of these 19 claims, only 16 were reported to me. Mr. J. Richardson of the Public Works Department was the only Town employee whose claim involved a layoff from work for several weeks. The other claims were of a minor nature needing only medical attention with no layoff from work.

Claims for the year were made by the following men: L. Edwards, H. Belcourt, J. Richardson (twice), M. Burton (twice), Public Works Department; W. Steppke, W. Cunningham, J. Markentin, Utility Department; W. McCauley, E. Rowland, D. Melvor (twice), Sidewalk & Curb Construction; L. Wakefield (twice), T. Hodgson, D. Joyal, Parks Department; D. Gutz C. Harrington, Recreation Department. In 1962, the Town received a rebate of \$1,397.45 from the Compensation Board and in 1963 the rebate was \$1,367.68. I feel that this is a good indication that safety supervision does reduce accident claims.

I have supervised safety on a voluntary basis for three years and officially appointed Safety Supervisor for 1963 and re-appointed for 1964 which expired on December 31, 1964.

Thus far I have not received any remuneration for this extra responsibility although it was mentioned at the time of my first appointment.

P. Tetarenko.

MUNICIPAL INSPECTOR'S REPORT 1964

An inspection of the records and administration of the Town was made on Dec. 21 & 22, 1964 and the following comments are submitted in that regard.

The cash records were found being efficiently maintained with postings well in hand and the cash on hand verified correct by count. Included in the receipts for 1964 were temporary bank loans, amounting to \$266,000.00. The detailed accounting system instituted by the Town was noted.

The examination of the assessment and tax roll revealed that statutory requirements of The Assessment and Tax Recovery Acts were being followed. While real property assessment notices for 1964 had not been mailed until January 20, 1964 the necessary Ministerial Order had been obtained. By-law No. 33 was passed on July 27, 1964 as required, adopting the 1964 assessment for use in 1965.

At a meeting held November 12, 1963 (motion No. 2253) the council authorized the execution of an agreement relative to the purchase of a sand pit. In the opinion of the undersigned, such an agreement should have been authorized by a by-law passed under the provisions of section 773 of the Town and Village Act.

It was noted that the minutes of a meeting held January 14, 1964 did not bear

continued on page 4

continued

A lengthy discussion followed amongst councillors regarding the fact that the 125 serviced lots in Sturgeon Heights Stage 5 were still unsold since July, 1964 when they were put up for sale by way of letters sent to real estate agents and contractors. Councillors Fowler and McGee asked why these lots can't be sold and Mr. Roberts said that the price is no longer competitive with Edmonton. In 1964 the price was \$43. per frontage foot and now is \$55. Council was worried about these high prices and the general idea was that the price lev-

el should be reviewed. Councillor McGee said that a solution must be found quickly because these lots are costing us money. Councillors McGee and Fowler suggested that a letter be sent to the contractors and real estate agents to find out why they are not interested and to ask them for their ideas about this situation. This proposal was brought into a motion and carried.

SAFETY REPORT FOR 1964

During the year 1964, twelve meetings were held with Department heads in regards to safety, and monthly reports were submitted to the Compensation Board.

Each Department was checked at least once a week and where necessary, safety

the signature of the Mayor as required by section 57 of the Town and Village Act.

At a meeting held April 20, 1964 the Secretary was instructed to make provision in a licensing by-law to withhold the issuing of a business license if business taxes were in arrears. While no by-law to this effect has been passed it is the opinion of the undersigned that the council do not have the authority to take action of this nature under the Town and Village Act and the foregoing is submitted for the future information of the council.

At a regular meeting held April 22, 1964 (see motion no. 2531) the council deferred the adoption of the minutes of previous meetings (one regular meeting held April 13 and a special meeting held April 20) until the next regular meeting. Section 62 (a) of the Town and Village Act requires that the minutes of each meeting be confirmed at the next regular meeting.

At the time of inspection, no by-law had been passed to obtain easements in the "Glenview Subdivision" as required by section 276 of the Town and Village Act, however, the Secretary advised that the necessary by-law would be passed at the earliest possible date.

It was noted that the minutes of the last annual meeting had been recorded on tape and it would appear that the necessary requirements pertaining to the reading of the last Inspector's Report had been complied with.

The financial operations of the Town continues to be supervised by the Local Authorities Board and it was noted that although temporary loans of \$150,000.00 were outstanding current requisitions had been paid in full.

The records continue to be maintained in a satisfactory manner.

D. P. Edgar,
Senior Municipal Inspector
A. D. Swann,
Municipal Inspector.

Joint Use Committee Council was in favour of this committee consisting of Mayor Veness (as Council's representative) and the chairmen of the two school boards. Unofficial meetings between the town staff and the staff of both school boards have already been held.

Secretary A proposal of the Recreation Department to hire a secretary who will also work for the Parks and Fire Departments, was carried in a motion. Councillor Bakker suggested the dictaphone system be used. However, as the new secretary will also be working in the recreation field and other special jobs, a dictaphone might not be practical. This new position will be advertised.

Statement of Claim - St. Albert Development The Town received a statement of claim for \$300,000.00 from St. Albert Development regarding the development of the Grandin Park area. The town's solicitors will be instructed to proceed in this matter. The claim goes back to when the town was governed by a Board of Administrators. Approximately five years ago the town made a contract with St. Albert Development to sell these lots as a contractor. In 1964 the St. Albert Development wasn't satisfied with the financial figures supplied by the town regarding this area. The town ordered the firm of Walker & Newby and the Town solicitor to supply the St. Albert Development with all the figures they wanted, and council thought that this time the case was solved to the satisfaction of both parties. It seems now that St. Albert Development is not satisfied as they will bring this case to court unless the town can supply them with satisfactory information.

New Town Engineer Mayor Veness and Councillors Bakker and Gehring will study the applications for town engineer and report to council.

Not All Water Meters Sufficiently Sealed Councillor McGee informed Council that some houses didn't have water meters. They were re-assured through that there

were only 4 houses in our town and that these people pay a flat rate. During the discussion it was brought up that some houses don't have sufficient sealing of their water meter. Building Inspector Mr. Roberts stated that such meters can be reversed. He said that a water meter is only completely sealed if both top and bottom were wired. Councillors deBruijn and Fowler were very much surprised that the town had not inspected their meters carefully. Councillor Fowler moved that the Superintendent of Works check all the meters in town and seal those which are not sufficiently wired. Carried.

PETITION

CLERGY LAUNCH PETITION

A petition to bring on a local option vote will be presented to the Liquor Control Board when it meets on February 18th to consider the application of the Pioneer Motor Hotel for new licensing privileges. St. Albert clergy met recently to consider the situation. The Rev. Fr. Chevrier, Rev. J. Joly, Rev. W. Jarvis, Rev. B. Onishenko and the Rev. C. Dawkins all agreed that a petition should be circulated on behalf of the community requesting that a vote be held. In this way, the opinion of local residents can properly be expressed. Without it, considerable changes affecting the community may take place without the voters being consulted. Dr. E. Schwarz, who was absent from the meeting, fully supported the action taken.

It is understood that the petition will be on hand at all local churches on Sunday, January 24th, when every interested resident is invited to add his or her name to the list. Some five hundred to one thousand signatures are expected at that time.

LIBERAL MEETING

LIBERAL ASSN. OF ALBERTA ANNUAL MEETING Art Soetart, Mayor of Morinville, was elected President of the St. Albert Provincial Liberal Association at the

Annual Meeting held in Morinville on Monday, January 11th. Vice-President is Hugh Rigney of Bon Accord, and Lou Calder of Morinville was elected Secretary-Treasurer. Directors from the Town of St. Albert are Gerry Torpy, Ray Rix and Paul Regan.

The constituency elected a full state of delegates to the Annual Convention to be held in Edmonton January 22nd and 23rd. Liberal Leader Dave Hunter was guest speaker at the meeting. He called for resource development and taxation programs that would aid the economic security of the home owner by the lowest possible taxation.

One of the highlights of the evening were the announcements of Lou Chalifoux of Morinville and Robert Russell of St. Albert that they would contest the Liberal nomination for the St. Albert constituency in the next provincial election.

HILDES FLOWERS

The local flower shop formerly known as Marlene's Flowers has changed owners. The new proprietress is Mrs. Hilde Buehring, 30 Sheridan Drive, who has resided in St. Albert for 5 years. A new Canadian from Germany, Mrs. Buehring worked with flowers for 7 years in the old country. Both fresh and artificial flowers, as well as floral accessories are available. There is free delivery in St. Albert as well as free morning delivery to the hospitals in Edmonton. The new shop "Hilde's Flowers" is open-

in Shoppers Park, invites you to drop in, get acquainted and discuss your floral needs.

CHERCHEZ LA FEMME CLUB NOTES

by Marie Vacirca

Phone: 599-7109

The local Guide and Brownie Association will hold a Brown and Blue Guider Training. Brown Training will be Wednesday, January 27, 8 p.m., and Blue Guider Training will be Thursday, January 28, 8 p.m. Both sessions are to be held in the United Church basement. Anyone beginning in brownie or guide work can certainly benefit from this one night workshop. It should be noted that new leaders are always needed and anyone interested is urged to come out, even if they feel they cannot participate this season. The regular monthly meeting of the Ladies Auxiliary of the 1st St. Albert Cubs and Scouts will be held January 26 at 8 p.m. in the P.C. basement. All mothers are welcome.

The St. Albert Women's Institute will hold their next meeting Tuesday, January 26, 8 p.m. in the Community Hall. Roll call "bar of Sunlight or Ivory Soap for Unitarian Services Committee". All members are urged to attend.

St. Albert Cab Co.,

NEW YUVILLE HOME

Despite the extremely cold weather, progress continues on the construction of the New Yuville Home here in St. Albert. To date, approximately 180 piles have been poured or "driven" (in the jargon of the construction trade). There still remains another 140 piles to be placed. Soil conditions dictate the type of footings to be used for the construction and this type of pile being used, has proven quite feasible. Some of the piles are 36" in diameter and each pile has a depth range of 20 to 30 feet with a capacity of up to 100 tons.

The wood forming and concrete block floor slab installation is complete in the south wing. The wood forming complete in the north wing. All strip foot-

ings and foundation walls are complete on the north, south and west wings. The excavation for 3 wings and boiler room is complete. In the boiler room area, the strip footing and foundation walls are expected to be completed to first floor levels by the end of this month.

The mechanical and electrical installations will commence this week. Progress has been held up to some extent due to the extremely cold weather and snow; however, construction is scheduled to continue throughout the winter if weather permits. Occupancy date is September 1, 1965. The architects for the home are Diamond - Clark & Associates of Edmonton.

by Mrs. H. LeFebvre

YOUTH RETREAT HOUSE

The "Hill" will soon be augmented by the building of a new retreat house especially for young people. The idea for this home was conceived to meet the need for more weekend retreats for university and high school students. Enthusiastically endorsed by Mrs. Vanier, Judge Treschuk, Mgr. Ketchen and Johnny Hutton of the Eskimo Football Team, the new Youth Retreat House will be a first in Canada, and like the present Star of the North is the idea and work of lay people. The house will be located just below the Star of the North Retreat House and will consist of 30 retreatant rooms, 2 director suites, chapel and lounge. The estimated cost of construction is \$75,000.00 approximately. As yet no definite construction date has been set but it is hoped the project will be underway in late spring.

While adults are spearheading the plan, the realization of this will be largely due to the request and participation of the young people themselves.

Deaths

J. Belisle passed away Sunday evening, January 17, 1965 at his residence. He leaves his loving wife, two daughters, Mrs. Wilfred Pouliot and Valerie, and two sons, Wayne and Dale, St. Albert; one sister, Mrs. William Gardner, Edmonton.

Funeral services Friday 10 a.m. at the St. Albert Church. Interment church cemetery. Prayers Thursday 8 p.m. at the church. Connelly-McKinley Ltd.

Baptisms

Charles Edward, son of Mr. & Mrs. Mitchell Martine. Mr. & Mrs. Edward Martine godparents.

Ruth Elaine, daughter of Mr. & Mrs. Gerald Torpy. Mr. & Mrs. William O'Hara, godparents.

Joan Joanne, daughter of Mr. & Mrs. Roger Cockwell. Mr. & Mrs. Jean-Marie Lavoie, godparents.

Events and Activities

One Sunday the 10th of January. Feast of the Holy Family, appropriate sermons were given at each Mass. All were invited to the Blessing of the Children to be held in the afternoon. The service began at 4 o'clock with the Benediction of the Blessed Sacrament, the Blessing of Children, followed by the veneration of the Child Jesus at the Altar rail. Many attended this beautiful service.

Thursday, the 14th of January, the Rev. Father Chevrier chaired a meeting of the choir. He thanked Mr. Peter d'Hane, director, for his efforts on our behalf and the Christmas Mass, prepared for

Midnight Mass and the Feast of the Epiphany. Mr. John Hermans will succeed Mr. d'Haene, it was announced, with Mr. d'Haene remaining as assistant. The meeting was asked their views on procedure in the future. It was decided that practices would be held on Monday evenings. New members are invited to join as practices for Easter mass will begin as soon as possible.

DIRECTOR OF ST. ALBERT PARISH CHOIR
Mr. John Hermans

Mr. John Hermans, was born December 17, 1930 in Bergen Ope Zoom, Holland, where he married the former Miss Louise Bergman of DeHaag. Mr. & Mrs. Hermans have two lovely daughters, Jenny, aged 6, and Yvonne, 4. They arrived in St. Albert August 24, 1962. Mr. Hermans is a bandsman in the P.P.C.L.I. Canadian Army Band with which he plays the French Horn, since December 1953. Mr. Hermans for the past three years has directed the choir at the Chapel, Our Lady of Fatima at Griesbach. Mrs. Hermans sang in this choir and shares her husband's interest in choirs, and it is hoped will also be able to be a permanent member here as well. Mr. Hermans at the first practice held after Thursday's meeting, hopes to deviate partially from conservative and sentimental church music, going back to traditional selections, using Polyphonic music form. Hope that our choir can grow from the present number of eighteen or so members to at least fifty, is certainly a challenge to the entire parish. Mr. Hermans welcomes every prospective member, as all voices will be required to fulfill the many parts needed. Mr. Hermans feels that St. Albert has a higher potential than Edmonton, and asks for your personal co-operation. Best of wishes to Mr. & Mrs. Hermans, and may we again extend our thanks to Mr. d'Haene.

ANGLICAN CHURCH

Annual Congregational Meeting Friday, January 22nd, at the Legion Hall, commencing at 8 p.m. Refreshments will be served by members of the W.A. You are invited to attend this important meeting Sunday, January 24, 11 a.m. In the course of the service a film will be shown of the valiant efforts of the church to cope with the homeless in the far east. The film, "The Undaunted City" is commended to us by the Bishop for use in Epiphany. It is the Anglican story in Hong Kong.

PRESBYTERIAN CHURCH

Three new elders will be selected shortly to sit on the Kirk Session.

All communicants should receive ballots shortly. If you do not receive them, please call the minister at 599-8181. There will be a congregational meeting following the Church service on Feb. 7 for the purpose of choosing a name for the church. Nine names have been submitted for consideration. All members and adherents will receive this list of names at the Sunday services during the next two Sundays.

Davey Adlard and not Darcy Adlard was the skip of the rink entered in the Presbyterian Men's Bonspiel at Red Deer. Congratulations to Mr. & Mrs. Bill Hanson on the birth of their second daughter on January 11th.

The name of Mr. Robert Hanson, former member of The Methodist Church in Carthage, New York, was placed on the Communion Roll. Mr. Hanson will formally be welcomed at the Easter Communion. Presbyterians and Pioneers meet at the manse Sunday at 7:30. All teenagers are welcome.

SUNDAY PROGRAM AT THE EDMONTON PUBLIC LIBRARY

Sunday Concert

On Sunday afternoon, January 24, from 2 to 3 p.m., the Public Library presents another program of stereo music from its record collection. This week Mozart's Piano Concerto in E flat major, K. 482 and Haydn's Piano Concerto in D major, Op. 21 will be performed by the Berlin Radio Symphony Orchestra; Franz-Paul Decker conducting, Jörg Demus, piano.

Film Program Sunday, January 24, 3 p.m.
Sun, Sand and Sea This film reviews the background of the North-Africa Middle East region as well as its geography. It traces the origins of the Islamic peoples, discusses Mahomet and his teachings, and shows the extent of the Arab conquest and its contributions to our arts, science and techniques. This film closes with the decline of Islam, its retreat and isolation from the world through many centuries.

Queen Elizabeth in Pakistan The Royal Tour of Pakistan in 1961.

The Royal Canadian Legion

NEW EXECUTIVE ST ALBERT LEGION

At their annual meeting the St. Albert Legion elected the following members for the 1965 executive: president - Joseph Jurocher; vice president - Mac Scott; treasurer - Jim Byrne; Sergeant at Arms - George Skinner; acting secretary - Rene Kambouroff; chaplain - Fr. Chevrier. For the first time the Legion is debt free and is now preparing

RE. GARBAGE COLLECTION BY-LAW NO. 5/60

The attention of all householders in the Town of St. Albert is drawn to the following sections of By-law No. 5/60.

4. Every householder shall be responsible for the provision and maintenance of his own refuse can(s).
5. All refuse cans shall be constructed of first grade steel, hot-dipped in galvanizing zinc and all joints welded. It shall have handles on the sides and be fitted with a cover of similar construction to the can. The can shall be waterproof and the cover tight-fitting, thus preventing any contamination of the contents. The capacity of the can shall be approximately 16 (Sixteen) Imperial Gallons. No other containers shall be used for the storage of refuse without prior approval of the Sanitary Inspector.
6. All refuse cans shall be located normally in an accessible site for collection, but in an inconspicuous site, either next to the house where no service lane is provided, or adjacent to the service lane where one exists. The covers shall be kept on the cans at all times except for the filling and emptying operations.
7. Every householder within the Town shall strain all kitchen and table waste and wrap it in paper before depositing same in a refuse can.

To ensure the smooth operation of garbage collection, it will be necessary to strictly enforce the above sections of the By-law, effective February 1st, 1965. All householders should therefore arrange to provide the proper garbage containers, in accordance with the terms of the By-law, by this date.

Your co-operation will be greatly appreciated.

S. L. Hillings,
Acting Secretary-Treasurer,
Town of St. Albert.

DUTIES OF RECREATION DIVISION AND RECREATION DIRECTOR

SWIMMING POOL

1997年12月17日 星期四

1. The first part of the document discusses the importance of maintaining accurate records of all transactions, including sales, purchases, and expenses. It emphasizes the need for a systematic approach to record-keeping, such as using a ledger or accounting software, to ensure that all financial data is properly documented and organized.

2. The second part of the document focuses on the process of reconciling bank statements with the company's internal records. It outlines the steps involved in comparing the bank's records with the company's ledger, identifying any discrepancies, and investigating the causes of these differences. This process is crucial for ensuring the accuracy of the company's financial statements and detecting any potential errors or fraud.

3. The third part of the document discusses the importance of regular financial reviews and audits. It highlights the need for management to regularly review the company's financial performance, including income statements, balance sheets, and cash flow statements. This review process should involve comparing actual results with budgeted figures and identifying areas for improvement. Additionally, the document mentions the importance of external audits by independent accountants to provide an objective assessment of the company's financial health.

4. The fourth part of the document discusses the importance of maintaining proper documentation for all financial transactions. It emphasizes the need for original receipts, invoices, and other supporting documents to be properly filed and retained for a sufficient period of time. This documentation is essential for proving the accuracy of the company's financial records and for defending against any potential disputes or legal challenges.

5. The fifth part of the document discusses the importance of maintaining accurate records of all assets and liabilities. It emphasizes the need for a systematic approach to tracking the company's assets, including property, equipment, and inventory, and its liabilities, including loans and accounts payable. This tracking is essential for determining the company's net worth and for ensuring that all assets and liabilities are properly valued and reported in the financial statements.

6. The sixth part of the document discusses the importance of maintaining accurate records of all taxes paid and owed. It emphasizes the need for a systematic approach to tracking tax payments, including income taxes, sales taxes, and property taxes, and for ensuring that all taxes are properly calculated and paid on time. This tracking is essential for avoiding penalties and interest charges and for ensuring that the company's tax records are accurate and complete.

7. The seventh part of the document discusses the importance of maintaining accurate records of all financial transactions related to the company's investments. It emphasizes the need for a systematic approach to tracking investment transactions, including purchases and sales of stocks, bonds, and other securities, and for ensuring that all investment income is properly recorded and reported. This tracking is essential for determining the company's investment performance and for ensuring that all investment income is properly valued and reported in the financial statements.

8. The eighth part of the document discusses the importance of maintaining accurate records of all financial transactions related to the company's operations. It emphasizes the need for a systematic approach to tracking all financial transactions, including sales, purchases, and expenses, and for ensuring that all transactions are properly recorded and reported. This tracking is essential for determining the company's overall financial performance and for ensuring that all financial data is properly documented and organized.

9. The ninth part of the document discusses the importance of maintaining accurate records of all financial transactions related to the company's financing activities. It emphasizes the need for a systematic approach to tracking financing transactions, including the issuance of debt and equity, and for ensuring that all financing income is properly recorded and reported. This tracking is essential for determining the company's financing performance and for ensuring that all financing income is properly valued and reported in the financial statements.

10. The tenth part of the document discusses the importance of maintaining accurate records of all financial transactions related to the company's non-recurring events. It emphasizes the need for a systematic approach to tracking non-recurring transactions, including the sale of assets, the acquisition of new assets, and the payment of dividends, and for ensuring that all non-recurring transactions are properly recorded and reported. This tracking is essential for determining the company's non-recurring financial performance and for ensuring that all non-recurring transactions are properly valued and reported in the financial statements.

FISHING REVIEW - WINTER 1964-65

Geo. Mitchell - Chairman

WINTER ICE FISHING

Due to the tremendous interest in fishing through the ice during the past two winters it has been decided to devote this article to winter ice fishing in the Edmonton area, where to go, and how to catch the fish when you get there.

WHITEFISH.

The number one fish at the moment, the reason being that they are fine eating fish and that they are still a challenge to catch, it is good clean sport fishing for them and that a peaceful day can be spent out on the lake when there is little else to do, rarely do you get a suggestion when you wish to go fishing that maybe it would be a good day to, cut the lawn, paint the garage, weed the garden, or some other thing that usually crop up in the summer. Now all you need to remember is to have cleaned the snow off the sidewalks the day before and you are away.

LAKES

Wabamum, Pigeon, Hanmore (near Smoky Lake) Fickle (near Edson) all these lakes were tried last winter and they all produced whitefish, the last two producing the largest. There are a lot of other lakes that have whitefish in them. I am sure that if the following methods are tried that they will bite there also. It was found last winter that if you could watch your lure it is possible to tease them into biting you should then, fish in water that is six to eight feet deep, if it is any deeper it becomes difficult to see the bottom, use a waterproof cover on the ice covered with a wool blanket, this is far more comfortable than lying on the bare ice or snow, a black cover is necessary, the blacker the better. Get one that is big enough to cover you completely. The choice of lures are numerous; Russian lures, tear drops, Len Thompsons, and the whitefish jigs that were found so successful last winter. Keep the lures small and jig them up from the bottom about a foot, do not stop jiggling when the fish approach, just jiggle it and they will usually take it. They can also be caught on small shiner minnows fishing in the same manner, however the minnows are hard to net in the winter. Your limit is eight per day.

PERCH

Try the following lakes, Wabamum, Pigeon, Lac La Nonne, Jack Fish, Mink, Mann and Nakamum. Here is one of the most abundant fish in our lakes, fine eating and easy to catch in the winter. The most important thing to remember, fish in water that is fifteen feet deep or deeper, the good perch are always in deep water, only the small ones inhabit the shallows in winter. Use the same lures as for the whitefish, the whitefish jigs proved excellent for the perch both in winter and summer. For the children or yourself try this rig, use two eagle claw hooks size eight or ten, one above the other separated about a foot apart, a couple of small split shot for weight use a small piece of liver or red meat for bait, drop it to the bottom to get the depth, move it up about a foot from the bottom, snap on a float and you are in business, once a perch is caught use the eyes from the perch for bait, they are ideal. Children get a real kick from watching the float and it is easier for the small ones than jiggling, quite frequently they will get a double. The lakes that produce the largest perch in the winter are Nakamum north of Onaway, and Mann near Ashmont, they average a pound a piece in these lakes. Your limit is twenty-five per day.

NORTHERN PIKE

Try Wabamum, Pigeon, Nakamum, Mann, Baptiste, Devils or Jack Fish lakes. Use heavy tackle and jig with a fairly large silver or brass wobblers or spinners. I have found that this method works better in the lakes that are further away from Edmonton. The system used in the immediate area is the smelt on a fairly heavy hook tied to a heavy monofilament leader or a light wire one, and use a good strong line. Drop the smelt to the bottom and fishing it up a foot or so from the bottom use a float and watch the float closely, when it begins to move across the hole leave it alone, only pull when the float has gone under about a foot, do not let them take it down far enough so that they feel the end of the line for they will usually drop the smelt when they feel the line tighten, we have caught them up to eighteen pounds by this method in Devil's Lake. One day we used a mouse that was foolish enough to venture out on the ice, he caught a seventeen pounder. The smelt and float method rarely fails to get the pike in the winter. Do not scoff at this fish, they are very numerous in our lakes, they are good eating, and help at times to brighten up what would otherwise be a dull day. Who knows, the next time that you pull when the float goes down, you may get a twenty pounder and a wet arm to boot. Your limit is fifteen per day.

PICKEREL

I have never caught a pickerel through the ice, I have never really tried. I do know that they are caught in the following lakes, Lac Ste Anne, Baptiste, Moose Lake, and Buck Lake (near Fox Creek) use a jugged spoon, or a minnow and float system. Last winter I gave a few whitefish jigs to a friend of mine who has a cabin on Baptiste lake, so he could try them on the whitefish, and he told me that he had great luck with the pickerel on them. Your limit is fifteen per day.

TROUT

Try any of our stocked lakes, use salmon eggs or clusters and use the same float system, but again you must watch your float and pull when they start to take it down, they usually do not hook themselves. Worms are also very good if you were thoughtful enough to dig a few last fall. I have not tried small lures or jigs on the trout, so cannot say what they will do. Your limit is ten per day.

GENERAL INFORMATION

Please use some common sense when driving on the lakes this winter (especially Wabamum) when using a chisel you should cut a hole that is small at the top and large at the bottom this not only gives you better vision, it is far safer both for you and others that use the lake. I see a black tent in a local tent shop that is seven by five feet and six foot six inches high, simple to erect and they are as black as midnight when they are zipped up. One of these and a tent heater and you could fish in comfort all winter. This will be the last report from the fish committee this year, good luck and we will probably see you out on Wabamum some cold and windy day.

Youth Travel Programme

The Centennial Commission would like the answers to (a) and (b) as soon as possible so that the complex travel machinery can be put into motion. Details are not required at this time.

In contacting local organizations it should be born in mind that the 10 unit quota could easily be oversubscribed.

While some increase could doubtless be accommodated, it may be necessary to do some selection at the provincial level. Thus the earliest applicants will be given priority, subject to certain geographical considerations.

It is a basic assumption that the host organization will undertake to billet the young travellers on a voluntary basis preferably in private homes. The chaperones - also a responsibility of the host organization - will probably perform their duties better if placed in public accommodation. The host organization will also be responsible for arranging a program of events and entertainment for the unit. This should be kept simple and relatively inexpensive. (Remember, they are children. A hot dog is better than a T-bone steak.)

Details:

- (1) A unit consists of 24 children, ages 15 to 17, and two chaperones (Preferably a married couple)
- (2) The units will be moved by rail (one unit per car) but buses may be used to effect suitable connections.
- (3) (a) The major transportation costs (including meals) as between points of departure and arrival will be born by the Centennial Commission.
(b) Additionally, each pair of chaperones will receive \$200. cash for tips, gratuities and meals not included in 3(a).
(c) Further, the host organization will receive \$520.00 (\$20.00 per participant) to assist with the local expenses of entertaining its guests.
- (4) The host organization should consider the advisability of carrying liability insurance. An extension of "school insurance" should also be considered for the unit leaving the area.
- (5) Each 'unit' will stay 7 days in the reception area, exclusive of the time required to travel from and return to the home province.
- (6) It is expected that all exchanges will take place during July and August.
